HEADLINE: Ditch Kinsey

BODY:

I was shocked and angered by the information disclosed in the Sept. 13 editorial "Abuse or science." I thank you for telling us of it.

I think it's time for the Kinsey Institute to come to a screeching halt. From what I've observed over a number of years, most of its reports are questionable and none of its research is necessary. It galls me to think such an outfit is funded by our state and based at Indiana University.

I hope the questions asked by the video documentary you describe (The Children of Table 34) and in Dr. Judith A. Reisman's book, Kinsey, Sex and Fraud will be investigated and answered and that The Indianapolis Star will give us a follow-up report.
