Teen Esteem

This brochure aimed at teens touches on the important issues of self-esteem, building lasting relationships, the correlation between sex and alcohol or drugs and love vs. lust. Teens will get useful information that will help them in making healthy choices, both physically and emotionally.

Everyone is NOT Doing It

This four-color poster is a great reminder to hang on the wall of your classroom or your teen's room that they're not alone in waiting until marriage. Available in 11" X 17" size.

Presentation Folders

The cost of producing personalized presentation folders can be too much for many non-profit organizations. So we developed a generic folder that could be used by any abstinence educator and still receive the discount of a high quantity print job.

These 9"x12" purple folders are splashed with pictures inside and out. The two inside flaps have a slot for both vertical and horizontal business cards.

What to wear when you're planning on safe sex.

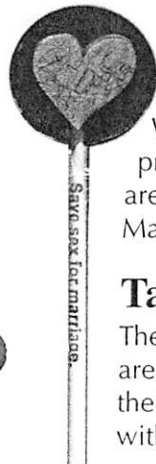

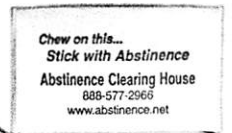

This eye-catching 18" X 24" poster is a great reminder that abstinence-until-marriage is the best choice. Available in English and Spanish.

Abstinence Gum

A unique way to communicate the message of abstinence. Each box of spearmint-flavored chewing gum is imprinted with the message:

Chew on this . . . Stick with Abstinence.

Suckers

Want a unique giveaway item for your next class or abstinence presentation? These suckers, available in a mixture of four flavors, are a fun way to get the message to teens: Don't Be a Sucker! Wait For Marriage.

Tattoos

These temporary tattoos, simply attached with water, are a great way for teens to make a statement about their decision for abstinence until marriage. Imprinted with the message "I'm worth waiting for."
