

THIS IS WAR!

In a time of enormous potential sales due to the upcoming 50th Anniversary of the Kinsey Reports in 1998, and with our growing *RSVP America* campaign effort, Dr. Reisman's publisher has suddenly decided **not** to reprint her books, "*Soft Porn Plays Hard Ball*," and "*Kinsey, Sex and Fraud*."

She found out that her books were to be discontinued when a large ministry in Florida called to tell her they could no longer get her books! Dr. Reisman has no more publications in print to expose Kinsey!

Why would a small publishing house drop an important, even best selling, book at the same time sales are accelerating and periodicals like *Reader's Digest* informs 27 million readers about the Kinsey fraud in their current April issue's article "Sex, Lies and the Kinsey Reports?"

Remember there have been others who have tried to silence Reisman and stop her work. In 1984-85, the sex industry, including *Playboy*, *Penthouse* and *Hustler* magazines, masquerading as The Media Coalition, paid \$75,000 per month to a well connected Washington PR Company, headed up by a homosexual, to discredit Dr. Reisman's work with the U.S. Justice Dept. See Susan Trento, *The Power House*, (1992) p. 191-200.

The attacks, as well as the obstacles, were sure to come. Dr. Reisman is working furiously to finish her seminal book on Kinsey which is due to come out fall 1997. Her book exposes Kinsey, his frauds and the criminally derived data involving The Children of Table 34, and tells people how America lost her virtue to this man. America must understand how she has gone from "Morality and Chastity to Kinsey and Condoms" in a generation. Reisman's new book is a vital weapon in the war to Restore Social Virtue and Purity to America and promises to be an international best seller. Once again Dr. Reisman is alone on the front lines battling for our children, under funded and with a small group of patriots who understand what is at stake. She is not giving up, but needs your prayers and the comfort and support of friends like you.
