Re: Senator Caskey calls CWA a liar

Number of pages including cover sheet : 43

Linda,

His letter was in the opinion page and is referring to our August 9th opinion article talking about all the abductions, sexual abuse and murder cases. The "Ex-cop gets probation article" quotes Republic Mayor Keith Miller, that "Missouri laws are not protecting innocent victims."

Another factor that enters into the purpose of Caskey's article is the Senate race in Springfield. They want to portray the Democrats as tough on crime. Hosmer is their guy running for senate. The piece of legislation he introduced last.
